40+ brand and campaign projects across entertainment, D2C, and events. https://designerdotsans.framer.website

I'm a graphic designer who ships fast, clean, and built for performance. Over the past 2 years at a full-service creative agency, I've delivered 120+ creatives per month across 40+ brands, led a 5-member team, and produced everything from high-performing Meta ad creatives and social content to live event visuals and brand identity systems. I have strong design fundamentals, I care about the details others miss, and I consistently get it right before round five of revisions.

CORE EXPERTISE

Ad Creative and Performance Design · Social Media and Content Design · Brand Identity and Visual Systems · Campaign Collateral · Motion Graphics and Reels · Packaging · Print and OOH · HTML/CSS Mailers · Team Leadership · Generative AI

WORK EXPERIENCE

Graphic Designer at Drig Digital (formerly YR Media)

Apr 2024 – Present Chennai

- I lead a 5-member design team, handling briefing, reviewing, and quality-checking **120+ creatives per month** across **40+ brand accounts** in D2C, retail, food and beverage, and entertainment.
- When I took over team leadership, on-time delivery was sitting at 60%. Within two months I brought it to **100%** by introducing clearer briefing standards, review checkpoints, and a production workflow the whole team could actually follow.
- I designed Meta ad creatives for Kriti Herbals that went on to become the brand's top-performing assets on the platform. A single static creative delivered **5x revenue** and the reel campaign I scripted and produced drove **10x revenue**, now running across multiple regional languages.
- I've produced motion graphics, Instagram Reels, and YouTube content for multiple brands. Musico India's content hit **800K+ organic views,** and The Supes Club crossed **120K views within 20 days** of going live.
- I led the complete design execution for the Ilaiyaraaja Live Concert in Bengaluru, covering event identity, stage visuals, social campaign, promotional reels and print collateral. The campaign reached **2M+ people** across digital and print.
- I maintain brand consistency across digital and print simultaneously for multiple brand accounts, adapting every format and aspect ratio without dropping quality or missing a deadline.
- I contribute actively to strategy conversations, helping translate client briefs into visual tone, campaign direction, and execution plans alongside account and copy teams.

Graphic Design Intern at Race Innovations

Jul 2023 – Apr 2024 Chennai

- I worked directly under the Founder and CEO from day one, taking on real briefs immediately — logos, UI assets, packaging, and full marketing creative suites with no handholding.
- I designed the full brand identity and magazine layout for **Race Auto India**, an e-magazine and news media platform, and delivered print-ready files from concept within 4 days.
- I produced digital and offline campaign assets across social media, print collateral, and OOH, supporting the brand's launch and ongoing marketing output.

SELECTED PROJECTS

Kriti Herbals - Meta Ad Campaign · Drig Digital 2026

I scripted, edited, and executed a full reel campaign for this D2C herbal brand, handling everything from visual concept to engaging editing and regional language adaptation. The campaign became the top-performing creative on their Meta ad account and drove 10x revenue. A static ad I designed alongside it independently delivered 5x revenue. Both assets are still running across multiple regional language versions.

Ilaiyaraaja Live Concert - Bengaluru · Drig Digital 2025

I led the complete design execution for this large-scale live music event, event identity, stage visuals, social media campaign, promotional reels and print collateral. I managed a cross-functional creative team through the entire production run under live-event timelines. The campaign reached 2M+ people across digital and physical touchpoints, with 20,000+ attendees on the ground.

Dehab India - Brand and Social Media Creative · Freelance 2026

I handled end-to-end creative production for this D2C brand, covering social media content, packaging design, and print collateral. A single hero creative I designed delivered a 15x sales uplift and set the visual direction for the brand's ongoing content strategy.

Manoranganz Events - Offline Event Design · Freelance 2024 – Present

I'm the design partner for one of South India's leading event management companies, having delivered creative across 60+ offline events including corporate gatherings, marathons, reunions, team outings, and sports events across India. My work spans banners, standees, stage backdrops, brochures, arches, entry points, and full event identity systems.
